Hi Brad.

Just got back and I am not going to be able to afford the advirtising at this time. My car's catalictic converter went and it costs almost \$1,000 plus an oxygen sensor went which cost \$300 and need to have by timing belt changed. I have bill for \$2500 to \$3000. I cannot afford to have any other bills at this time.

When I am able to proceed, I will contact you.

Thank you. Charles Collins
